

## Introducing the SAV-RX Economy Prescription Drug Plan

Midwest Laborers has partnered with Sav-Rx, the leading Union Medication Benefits Manager, to offer a voluntary benefit that ensures you and your immediate family can access affordable, reliable, cost-effective prescription coverage.

### Who is this Plan Designed for?

This program is designed primarily for Union members and their families who experience gaps in their traditional coverage options, such as retirees under the age of 65 who are ineligible for Medicare, apprentices who have not yet become eligible for benefits under their health and welfare plan, or workers who lack the hours required to maintain reliable coverage under their traditional plan.

### Who is Eligible?

All active and retired members of Midwest Laborers are eligible to participate in this prescription drug plan, **including immediate and extended family members**, such as children, siblings, aunts and uncles, and parents who may lack reliable prescription coverage. Individuals enrolled in Medicare or Medicaid should only use this benefit as an alternative for specific drugs that are not covered under their Medicare or Medicaid Plan(s).

### Affordable Prescription Drug Benefits for Union Families

The strength of our Union depends on the strength and health of our members and their families. Healthy laborers live longer, have longer careers, are safer on the job site, experience fewer incidents of disability, and live better. Midwest Laborers is committed to supporting our members' health and ensuring access to the services you need when you need them. American workers and their families have been under ever-increasing financial pressure for far too long, and no area of the economy has experienced more inflationary pressure than the healthcare industry. Prescription drug costs, in particular, have brought many families to the breaking point. The rising cost of medications impacts everyone, but Midwest Laborers is working actively to protect the interests of our union members and their families.

### What Drugs are Covered?

Most common medications are covered under this Economy Plan, however, some high-cost and specialty medications are not covered. This Plan utilizes a drug formulary, so some medications are preferred over others. Please consult the drug list for more information by [clicking here](#).

## How Much Does Enrollment Cost?

### Monthly Cost

Single Member .....	\$6
Member & Dependent .....	\$12
Member & Spouse .....	\$12
Family .....	\$18

## Are There Any Co-Pays?

Yes. If you fill your prescription at a retail pharmacy in the United States, you will be charged a co-pay for each prescription you fill.

### Retail Pharmacy Co-Pay

Generic Drugs on the Formulary .....	\$10
Brand Drugs on the Formulary .....	\$20
Non-Formulary Drugs .....	100% of Discounted Rate (Generic & Brand)

## How Do I Enroll?

To enroll electronically, you can [enroll online here](#). Alternatively, enrollment and payments for any length of enrollment may be made by check for an individual or any family member/s. Checks should be made out to MROC & submitted to:

**MROC - Attn: Melissa Hendricker**  
**1 N. Old State Capitol Plaza, Suite 525, Springfield, IL 62701**

## What If I Can't Afford My Medications

If your doctor has prescribed a high-cost or specialty medication that isn't covered under the Sav-Rx Economy Plan and you cannot afford to pay for the drug out-of-pocket, Sav-Rx may be able to help. Our Patient Assistance Program works directly with drug manufacturers or other benevolent organization on your behalf to obtain the drug for you for free. While we cannot guarantee that we will successfully obtain this drug at no cost, your Sav-Rx team is prepared to do our best and fight for you. Please contact Sav-Rx at: **402-753-2834**

## About SAV-RX

Founded in 1966 and headquartered in Fremont, Nebraska, Sav-Rx is self-organized under the IBEW and is the leading Medications Benefit Manager serving America's Unions. Midwest Laborers and the International Brotherhood of Electrical Workers, Bricklayers International, and Ironworkers International fully endorse Sav-Rx based on the value they deliver for American Workers and the values they share in common with the American Labor Movement.
